American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U S Patent Office, Washington, (under the Act of 1837)

76 State Street, opposite Kilby Street, BOSTON

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States also in Great Britain, France, and other foreign countries. Caveats, Specifications Bonds, Assignments, and all Papers or Drawings for Patents executed on liberal terms and with dispatch Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is *more successful at the Patent Office* than the subscriber, and as *success is the best proof of advantages and ability* he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These besides his extensive library of legal and mechanical works and full accounts of patents granted in the United States and Europe render him able beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors

TESTIMONIALS

"I regard Mr Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse" CHARLES MASON

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

EDMUND BURKE,

Late Commissioner of Patents

"Mr R. H EDDY has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges"

JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on twice rejected applications *SIXTEEN APPEALS, EVERY ONE* of which was decided in his favor, by the Commissioner of Patents. R. H EDDY

Diseases of the Eye.

DR. LIGHTHILL.

CURES OF DEAFNESS OF LONG STANDING —The following case of Joseph Darling, a well known citizen of Hudson is another testimony to the skill of Dr Lighthill

Mr Editor—Dear Sir A feeling of gratitude for a real Benefactor, and a desire to benefit the similarly afflicted, impels me to state the following For 4 years I was very deaf could not hear the voices of my wife and family nor could I hear preaching or public speaking, even when close to the speaker I had a constant beating in my ear At times it would sound in my head as though a steam engine was working near me In that condition I placed myself under Dr Lighthill's care who *entirely restored my hearing, and cured me of the noises* I am 61 years of age and reside in the town of Hudson in this county Respectfully yours

JOSEPH DARLING

This forenoon Mr Jacob Curtis, of Hampden was successfully operated upon for Fistula Lachrymalis, or ulceration of the tear duct. The disease was of 40 years' standing A silver tube was inserted in the corner of the eye.—[Bangor Times, Dec 11, 1861

CURE OF 40 YEARS' DEAFNESS The following remarkable cure by Dr Lighthill is thus duly attested

This is to certify that I was very deaf for 40 years, and that Dr Lighthill has *entirely restored my hearing*, for which I am very thankful Before I came to Dr Lighthill I could only hear when persons addressing me would speak very loud right into my ears. Now I can hear as well as I did before I ever was afflicted The beating and buzzing in my head and ears, which attended my deafness, has now entirely subsided I am 84 years of age and reside in Bangor, on the Carmel road

Blackwood's Magazine,

AND THE

BRITISH REVIEWS!

Great Inducements to Subscribers!

PREMIUMS AND REDUCTIONS!!

L. SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz

1. The London Quarterly, (Conservative)

2. The Edinburgh Review, (Whig)

3. The North British Review, (Free Church.)

4. The Westminster Review, (Liberal)

5. Blackwood's Edinburgh Magazine, (Tory)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-items, crude speculations and flying rumors of the daily Journal and the ponderous Tome of the future historian written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of current events and as such in addition to their well established literary scientific and theological character we urge them upon the consideration of the reading public

The receipt of Advance Sheets from the British publishers gives additional value to these Reprints inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions

In Peace or War, on land or sea,
Our flag, the sign of the free,
Bright emblem of Columbia's glory!
Shall tell to coming years the story,
How, stout of heart, and strong of hand,
The patriots of our native land
Bore it, the nation's hope and life,
On tainted field, 'mid fearful strife,
Still on 'till through the sulphurous cloud
It broke in triumph. Treason's shroud!

Judge Shepley's Sentiments Upon the War.

The following is the letter sent by Hon Ether Shepley to the Twelfth Regiment upon the occasion of the presentation of the colors of the regiment, one of which was given by him

Officers and Soldiers of the 12th Maine Regiment of Volunteers

This regimental standard is presented to you, with full confidence that you will never allow it to be dishonored You go to assist in a service of the highest importance, that of preserving our government and country from being broken up and disgraced, to determine whether the United States of America shall be a watch word for free government or a word of depression and disgrace to all who would desire a government of the people, to determine whether a government of th people is and must be a failure, and that is kingly or absolute govern ment is the only one that can preserve itself, secure the rights of the people, preserve order and obedience to law These are great issues, worthy of sacrifices, for these life itself may be put in peril

A responsibility will rest upon the officers to have their soldiers thoroughly drilled and disciplined, that they may have the greatest efficiency to be careful for their health and comfort, and while they do not permit them to shrink from any danger, never expose them to loss of life useless y or without an important advantage to be gained

Soldiers you have officers worthy of your entire confidence, and they should receive it until found to be unworthy Upon these greatly depend your position in the army, whether it shall be a distinguished one or otherwise To attain a distinguished position you must cheerfully submit to a strict discipline and submission to orders

Officers and soldiers, to perform deeds of valor your heads must be clear and hearts strong The courage that comes of the use of intoxicating liquors is not a manly but a cowardly courage Resolve than to be sober, to have the use of your heads as well as your hands, and to have no intoxicating drinks with you, to use none You put your lives in peril Do not shrink from the contemplation of it Call to mind that there is a future life and be prepared for it. God in the riches of his mercy offers you an endless life of happiness, upon the single terms of repentance and faith in our Lord Jesus Christ. Accept these terms and all fear of God will be absent from you

May the blessing of Almighty God be upon you all.

ETHER SHEPLEY

THE DEFENCES OF NEW YORK IN 1700 In the year 1700, a Commission appointed to examine into the defences of the harbor of New York, gave it as his opinion that the city could be adequately defended with batteries on the opposite sides of the Narrows, each furnished with thirty guns, carrying from eighteen to twenty-four pound balls, a battery on Schutter's Island, twelve or thirteen miles from New York, a block-house and fort of fifty guns at Sandy Hook, and a battery of twelve or thirteen guns at the narrowest part at Hellgate All this being done, the Commissioner complacently says, "I am persuaded an enemy will bethink himself a hundred times before he will undertake any attack on New York"

This bit of historical reminiscence best presents the change that has been going on in the naval armament of the world during the past sixty years. Now, in place of 150 guns carrying their "18 to 24 lbs" a few hundred yards, we require a thousand huge columbiads and rifled cannon, each able to carry a hundred pounds or so of over a distance of several miles; and even with these, we shall not feel altogether secure against the attack of iron-clad Warriors and shot-proof batteries, which a first class power like England might bring against us —*N Y Sun*

It is ascertained that about two thirds of the army are American born, and nine tenths are Americans by race. The average age of the army is a trifle over 25 years. More than one half the army are minors 20 a 50 per cent of the regiments there are in Kentucky, the regiments on enlistment, a next consulting and physical measure in the service.

ITEMS AT HILTON HEAD.

The Lewiston Journal says that a gentleman from Port Royal reports a good general sickness among our troops, especially in the North Regiments. He states that the blacks on the island are enjoying life highly Large number are swarming thither, escaping from the main land. He saw one negro, in whose statements he had reason to confide, who had laid in the woods since June, waiting for an opportunity to escape. His master had offered a reward for him dead or alive, and he knew that he might as well perish in his retreat, as by the hands of the Chivalry The coming of our troops to Hilton Head and the consequent flight of the Chivalry, gave the poor fellow release from his long confinement Our informant in travelling over the island found everywhere scattered relics which had been abandoned He picked up a blanket marked U S—a splendid one, probably some of Floyd's plunder The soil of the island is sandy on the surface to the depth of about one foot. Below is a stratum of black earth two feet deep, and underneath the two, strata of quick sand There have been no rains since the occupation of the Island except one shower.

There is very little intemperance among our troops at Hilton Head All packages that arrive are examined carefully and rum is irretrievably contraband One of the New York regiments, however, is somewhat "rough" The boys on the Island call it the "Alligator Regiment" They have dug a deep trench, and caught two immense Alligators, and caged them in it—treating them as they probably will the Chivalry itself, entertaining about the same regard for the one as the other Gen Sherman was walking through the camps one day, when he came upon the Alligator regiment and the Alligators themselves. He inquired of the man what they were doing with Alligators "O General" replied one of the men with a sanctimonious air "studying the character of Dixie!" The General took it good humoredly, and walked on remarking that he would give the Alligator regiment a chance by and by to profit by its studies and apply the sharp stick to the biped Alligator of the South, as they had learned to do to his reptilian prototype

Gen Sherman is represented, however, as not very popular with his men At least the men are said to repose more confidence in another prominent officer of the expedition

A new mode of rifling cannon has been invented in New York, whereby guns of the largest calibre may be rifled in 60 minutes, the power used being hydrostatic pressure

Senator Gwin, of California, intended to have joined Mason and Slidell in England, but his arrest prevented

TAXATION AND THE WAR The National Intelligencer thus states what we believe to be an important truth

"We shall not be suspected of advancing a proposition open to controversy when we say that, as men are, an intimate connection exists between the financial policy that may be adopted by the government and the progress of our military affairs So long as the people are not brought directly to feel the burdens of the war we may expect that contractors, agents, sutlers, and even some unworthy officers of the army will be very well contented with an indefinite prolongation of that 'period of preparation' which is pouring wealth into their pockets at the expense of the people When those who pay the expense are also made to know that they pay it, they will desire to render the war as sharp and short as it can be made in consistency with military prudence Let Congress bring it home to business and bosoms and they will see that the executive branches do their share of the duty"

The Silver Age gives an account of the recent visit of a party of gentlemen to nature's great salt works in Nevada Territory They estimate the amount of pure salt in sight and fit for sacking at 1 000 tons, and so strongly are the waters of the pools or springs impregnated, that when the encrustation, usually about three inches thick, is removed, six hours suffice to skum the pool over with a coating of salt According to the report of those gentlemen, the capacity of these pools is beyond computation

If a petticoat government is not more oppressive now than formerly, it is certainly double in extent.

The London Pusticalls attention to the fact that the existence of an Atlantic telegraph would have saved the English Government enough during the past month or two to pay the cost of the line, by enabling them to learn at once the pacific intentions of the American Government in the Trent affair, (assuming them to be pacific,) and thus preventing the immense expenditure incurred in sending armies and fleets across the Atlantic to meet an imaginary danger

The office of "Marker" in the New York Custom House was abolished on Saturday Each of the eighty one markers employed was paid a salary of twelve dollars a week for services which now devolve upon the store keepers and their assistants. The saving exected by this is upwards of $50,000 a year

THE NEW TARIFF The Committee of Ways and Means is hard at work remodeling the tariff, with the sole view to revenue, it is expected some very heavy duties will be laid, but it will be some days before a bill will be in readiness to report.—*N Y World*

THE BURNSIDE EXPEDITION The general impression in regard to the destination of the Burnside expedition is that it has gone to attack Norfolk, though nothing official is known.

A NOVEL DIRECTION —Stickney, the Messenger of the Eastern Express, has raked up the following singular direction

Herein is laid a SALMON TROUT,
Close by these narrow confines pent
No mortal man must take it out,
Except the one to whom 'tis sent
And the Express is firmly bound,
And legally obliged to see
This Trout delivered, safe and sound,
To P H Field & Co
And when the Trout he shall deliver,
He holds the parties for a fee,
The law of confidence binds the giver;

The Boston Daily Advertiser has the following report of the recent collision of ship Premier, of this port, with a British bark —Ship Premier, of Bangor, McGilvery, at New York from London, reports that on 12th inst., during a dense fog, came in collision with British bark Lauriston, from New York for Queenstown, which stove our starboard bow and carried away all the head gear The bark was completely cut down forward, lost bowsprit and fore and mainmasts, as soon as she got clear, wore ship to save the crew, the fog was so dense that we came in collision again before the ship's headway could be stopped, succeeded in a few minutes in getting all hands on board the Premier, some of the crew being badly injured by the falling spars and timbers, at the time, the ship was heading W by N, with the port tacks on board, wind, S SW; the bark was heading ESE, and it was more than one minute from the time the lookout warned us of the bark before the collision took place, the crew saved nothing but what they stood in and the vessel's papers and chronometers when leaving her, there was five feet water in the hold, and she appeared to be settling fast forward and must have gone down in a short time, at the time of the collision we were about 50 miles ESE of Sandy Hook Capt Adamson and crew were brought to New York—The Lauriston cleared on the 4th inst, with a cargo of grain despatched by G & J Knox & Co

BANGOR VESSEL LOST —Sch Teazer, of Bangor, Clifford, from Elizabethport for Boston, was abandoned at sea, 4th inst and the crew taken off by bark D Pennel at New York—Capt. Clifford reports —Sailed from Elizabethport with a cargo of pig iron bound to Boston, consigned to Bowers, Pratt & Co, of that city Jan 1st, when within ten miles of Boston Light, took a gale from WNW, during which lost sails and was compelled to run before the gale On the 2d the vessel began to make water, there being a heavy sea on, the gale increased On the evening of the 3d, finding the water was fast gaining threw overboard about 20 tons of the cargo off the deck On the 4th at 7 A M, made a sail to windward Set a signal of distress, the vessel still keeping on her course cut away the mainmast, when they discovered the vessel making for them, which soon came up and proved to be the bark D Pennell from Cardiff for New York, who kindly took them from the wreck It blowing heavy at the time, saved nothing from the vessel The crew were all exhausted, and some badly frost bitten The vessel was at the time in lat 38 45, lon 68 40 and had 4½ feet water in the hold when abandoned Capt Clifford and crew all belong in the vicinity of Bangor

Mr Weston presented a memorial of Grand Division of Sons of Temperance, for the enactment of a law prohibiting the sale of pure liquor for medicinal and mechanical purposes

A message was received from the Governor, by the hands of the Secretary of State, in response to the order passed calling for information relating to the removal passage of British troops over the soil of Maine. The message is as follows—

I have to say that I have no knowledge or information upon the subject referred to, which is not already in possession of the public. No measures have yet been taken by the Executive to prevent the passage of British troops over the territory of this State. But the subject will not fail to meet its immediate attention.

On motion of [illegible]

Ordered, [illegible]

Petitions presented and referred—Of Directors of Waterville Bank at Waterville for reduction of capital stock of Isaiah Stetson and others, to be incorporated as a Stock Fire Insurance Company, of Daniel Campbell and others to be set off from Frankfort and annexed to Winterport of Charles Hamlin for reimbursement of money paid on recruiting service, of Calvin H Doughty for compensation for duty in procuring enlistments, remonstrance of George A Merrill and others, against the petition of W Somes for division of the town of Alton

Resolves for extending the terms of the laws for the settlement of public lands to volunteers, came from the Senate passed to be engrossed

Mr Sewall of Oldtown, moved to strike out the second resolve (providing certain conditions and acts to be performed)

Mr Cary suggested an amendment which he proposed to offer

After brief discussion the second resolve was stricken out, and Mr Cary's amendment (allowing to volunteers six months, after discharge, to enter upon their lands and perform their settling duties) was adopted, and the resolves passed to be engrossed

On motion of Mr Sewall

Ordered, That the proprietors of the Thrice Weekly Journal, and of the Age be directed to furnish the several regiments from Maine, now in service out of the State with ten copies of each of said papers and that Generals Jameson and Howard be furnished with one copy each

Mr Gilman of Bath, subsequently moved to reconsider the vote whereby the order was passed

Mr G said the proposition was to furnish each regiment with some $20 worth of papers at the State expense He was willing that the State should do all that it can which is proper and useful for the soldiers, but he could see no propriety in selecting these two papers Why not include the Bath Times, Portland Advertiser, and Argus, and other papers?

Mr Hayden moved the indefinite postponement of the order Carried

On motion of Mr Randall of Freeport,

Ordered, That the Committee on the Judiciary consider the expediency of so amending sections 52 and 58 of Revised Statutes, as to provide a greater penalty for the refusal or neglect of persons, when notified, to bring lists of their estates to the assessors of towns, also, to make it obligatory on the part of the assessors to require oath to be made to the correctness of the same, and further to amend by enacting a penalty for swearing falsely thereto.

On motion of Mr. Hayden of Bath,

Ordered, That all petitions not presented to this Legislature on or before the first day of February next, shall be referred to the next Legislature.

CLOTHING.

GENTLEMEN

Having entered for years the fortunes of Tailors doing a credit business, and having myself proved that system to be utterly wrong for the Retail Tailoring business, I feel compelled to adopt the CASH SYSTEM It is better for the customer who expects to pay for his Garments, as the amount lost by bad debts under the credit system is divided between the patrons and the patronised as the former receive it by paying as much as 20 per cent. less for their garments, and the latter is saved from bank ruptcy Consequently I would invite all CASH paying customers to examine the Stock of Goods now on hand, and see if the prices are not 20 per cent. less than at any other Clothing House in the city The Cutting Department is under the charge of

Secretary Cameron's Contracts to be Annulled.—Fort Pickens Again Opens on the Rebels.

NEW YORK, 17th.

The Times' Washington despatch says that the Committee on the Conduct of the War have resolved to advise the immediate passage of a bill to punish with death any person who commits fraud upon the Government, whereby a soldier is bodily injured, as for instance in the sale of unsound provisions; also to punish with imprisonment and the confiscation of all their property and government dues of all contractors who in any way defraud the government in the quality of goods sold or services pretended to be rendered to the Government.

The joint resolution of the Legislature of New York in relation to the reciprocity treaty with the British Provinces was referred to the House Committee on Commerce and was committed to Gen. Ward, who has prepared an elaborate report upon the subject with a view of extending its features and removing the restrictive discriminations which render the operations of the treaty unequal. The Committee propose to make this a basis of extending commercial relations with other nations on this continent.

It is understood that the contracts let out by Secretary Cameron for over a million Springfield muskets and over a quarter million rifles and carbines, will be ordered to be annulled by Congress. They will not be available in the present war, and as they are to cost an average of seven dollars each above manufacturer's prices, they involve a loss of nearly $9,000,000 to the Treasury.

The Tribune's despatch says the House Military Committee this morning authorized Mr. Olin to report a bill reducing the number of chaplains to one to each brigade, and establishing hospital chaplains.

The nomination of Charles H. Foster as Marshal of North Carolina was rejected by the Senate.

General Sigel is strongly pressed for a major generalship by Senators and Representatives from the Northwest, Chicago particularly urges his appointment.

FORTRESS MONROE, 16th.

The barque John Toucks, with the D'Epineuil Zouaves, the schooner Col. Satterly, with the signal corps of General Burnside's expedition, and several other vessels of the fleet, left with a favorable wind this A. M.

The steamer Constitution from Boston, arrived here this morning; destination unknown.

A French war steamer arrived here this forenoon, said to be the Guerriere de la Mer.

The regular Thursday flag of truce took to Craney Island several passengers for the South. The boat brought back the following released prisoners: Capt. Brewer, Brigade Quartermaster of the Rhode Island brigade, Lieut. Knight, 1st Maine Regiment, Captain A. G. Kellogg, Company K, 2d Connecticut, and a private.—Nineteen citizens also came over to go North.

The only news in the Southern papers is an exaggerated account of the affair between Humphrey Marshall and Col. Garfield, in which it is stated the former was retreating when he was attacked. The fighting is said to have been very hot, and the rebels of course gained the victory, with a small loss.

One hundred and sixty prisoners of war are expected here tomorrow, to be exchanged and sent North.

The gunboat Rhode Island arrived here this morning from Galveston, Texas, Dec. 28th, Ship Island, 31st, Mobile Bar, 31st, Fort Pickens, Jan. 2, Key West, 8th, and Port Royal 12th. She brings a large mail.

The gunboats St. Louis, New London and Water Witch left Ship Island on the 31st, for Biloxi. The result was not learned, but as the Rhode Island was leaving, the New London was seen returning with three schooners in tow.

The schooner Venus was captured off Galveston by the Rhode Island. She was bound from Point Isabel for Franklin, La., with a cargo of tin, copper, lead and wood, valued at $10,000. She was sent to Ship Island.

The rebel batteries at Pensacola having repeatedly fired at our small vessels, Fort Pickens opened on the rebel steamer Times, which was landing stores at the navy yard, on the first of January. The rebel batteries responded, and the firing was continued till evening—Pickens firing the last shot. The rebel guns were well aimed, and most of their shells burst inside the Fort. Only one man was wounded, however.—One of our shots made a large breach in Fort Barrancas In the evening our firing set Warrington on fire. The conflagration continued all night; and the place was still burning on the evening of the 2d, when the Rhode Island left. The fire was seen at a distance of 35 miles at sea.

The Mount Vernon reports she burnt the light ship New Year's Night, which was being fitted out for a gunboat under the guns of Fort Caswell.

The rebel steamer Gordon is on the stocks for repairs, according to reports of contrabands aboard the Mount Vernon, on account of damages received in her encounter with the Mount Vernon Dec. 15.

The Rhode Island will sail for Philadelphia this evening. In consequence of the fog, she was detained all day off the Capes yesterday.

The Mount Vernon arrived here yesterday to coal. She left her station off Wilmington, N. C., 12th.

The Chippewa and Monticello were off Cape Fear, and the Fernandina and Manda were off New Inlet.

The Mount Vernon encountered a storm on Tuesday night. She saw part of General Burnside's fleet off Hatteras.

WASHINGTON, 17th.

The House Committee on Naval Affairs had before them the subject of the employment of the workmen in the several navy yards, their pay, &c. Will soon report whether any further legislation is necessary.

The President, upon application of the delegation from New York today, appointed Major A. Doubleday, a Brigadier General.

LOUISVILLE, 17th.

The Journal's Mumfordsville correspondent says the rebels are driving and killing the cattle in ponds and the watering places on the route of the advance of the Federal army, to render the water unfit for drinking.

NEW YORK, 17th.

Special despatches from Washington state that the House Committee on Ways and Means adhere with great pertinacity to the scheme of imposing an income tax, and will advocate it strongly in their report. It will, however, meet with determined opposition in the House.

The new tariff bill will greatly reduce the free list and largely increase the duties on spices, peppers, &c.

Senator Wilson this morning introduced the bill for the abolition of sutlers.

Advices from Port Royal state that an expedition towards Savannah is supposed to be in progress. Reconnoitering parties have proceeded beyond Tybee Island, with apparatus for removing obstructions from the rivers and creeks of the Savannah river.

It is understood that the land force would consist of 10,000 men, and that Warsaw Inlet would be the first destination of the expedition. The railway is progressing across Hilton Head Island.

A house and store on Long Island was consumed by fire on Friday night of last week, occupied by a Mr. Powers.

WASHINGTON, 17th.

The fortification bill which passed the House today, appropriates an aggregate of $5,960,000. Among the appropriations are $100,000 for Fort Knox, Penobscot River, Me.; $100,000 for Fort on Hog Island, Portland Harbor; $75,000 for Fort Warren, and $50,000 for Fort Wintrop, Boston Harbor; $100,000 for the fort in New Bedford Harbor.

The appropriations also include the following for the year 1862: $50,000 for Fort Knox; $60,000 Hog Island Fort, Portland; $60,000 for Fort Winthrop and exterior batteries; $50,000 for the fort at New Bedford; $50,000 for Fort Adams, Newport.

The bill which passed the House today relative to the establishment of branch Post offices in cities, authorizes and directs the Post Master General, if, in his judgment, the public interest or convience may require it, to establish one or more branch Post Offices to facilitate the operations of the Post Office in any city or place, which, in the opinion of the Post Master General, may require such additional accomodation for the convenience of the inhabitants, and it shall be deemed the duty of Post Master General to prescribe the rules and regulations for the branch Post Offices which may be established

The Post Master General is also authorized to charge one cent additional to regular postage for every letter deposited in any branch post office to be forwarded by mail from the principal offices, and which shall be prepaid by stamps; and one cent for every letter delivered at such branch office, to be paid on delivery—provided no letter shall be sent from the principal office to such branch office for delivery except by request of the party to whom the same may be addressed, and provided the expense of such branch service shall not exceed the receipts on account thereof.

The 10th section of the act to establish certain post rates, and for other purposes, approved March 3, 1847, is repealed.

Twenty three Republicans and 54 Democrats and Unionists voted to confirm Representative Lehman in his seat. The 67 against him were all Republicans. Sixteen Democrats and Unionists were absent, or did not vote.

The Senate, after an executive session of three hours today confirmed the nomination of Mr. Cameron as Minister to Russia by a vote of 24 to 14.

WASHINGTON, 16th.

The Colonels and officers of the 69th and 88th New York Regiments, and officers of the Batteries attached to it, Major O'Neil commanding, today sent to the Senate Military Committee, a memorial heartily and unanimously endorsing the appointment of Colonel Meagher as their Brigadier General. General Shields also, has addressed a most cordial letter to Senator Wilson, the Chairman of that Committee, earnestly entreating the confirmation of his friend and countryman.

SALT LAKE CITY, 17th.

Gov. Dawson left here Dec. 31st, on account of a personal difficulty. He was pursued, whipped and robbed 12 miles east of here.—Seven desperadoes who committed the assault have been arrested—3 of them, in endeavoring to escape from the officers, were killed,

WASHINGTON, 17th.

Steamer King Philip returned from the Flotilla last night, and reports that the Anacosta yesterday bombarded the rebel battery at Cockpit Point, with what result is not known. The rebels fired 4 shells at the steamer, but did no damage.

NEW YORK, 17th.

Washington specials say that the Post Office Committee of the Senate will report an amendment abolishing the franking privilege, so as to retain the right of franking to the departments of Governmen .

NEW YORK, 17th.

The following is a copy of a despatch received per Arabia at Halifax—

London via Queenstown, Jan. 4. To Hiram Berry, Collector of New York: The Sumter has arrived at Cadiz, having burnt three vessels.

(Signed) C. F. ADAMS, U. S. Minister.

ALBANY, 17.

The 76th regiment, Col. Green, and two artillery companies, 1800 strong, left for New York this evening.

ST. LOUIS, 17th.

Navigation is entirely suspended here in consequence of the gorging of the ice 20 miles below here, the ferry boats not being able to run. The ice is not sufficiently strong to bear a heavy weight. The weather is moderating again, and the prospects for a speedy opening of the river are fair.

Gen Price, the member elect from the 5th Congressional District left for Washington today.

No person will be hereafter allowed to leave the city until his baggage is inspected by the officer appointed for that purpose, and the trunks sealed.

Some of the papers are ventilating the antecedents of the newly appointed Senator from Missouri.

ROLLA, 17th.

The brigade which left here for the West during the past three days, is composed of the 35th and 36th Illinois regiments, and the 25th and 44th Missouri regiment and Backoff and Hoffman's batteries, under command of General Otterham.

Another Brigade under Gen. Sigel will probably leave in a day or two, and General Sigel will probably assume command of the entire division at the proper time.

CHICAGO, 17th.

A special despatch to the Times, dated 12 miles from Columbus, 16th, says:—An additional force with Gen. Grant and staff left Cairo at 10 o'clock yesterday, and [illegible] McClernand, Paine and [illegible] during the afternoon. I am not permitted to state where we are going or what [illegible] we have. Heavy [illegible] are [illegible] in all directions. [illegible]

NEW YORK, 17.

A Harrisburg letter says that General Williams is in command of four Union regiments at Hancock, and has three 12 pounder Parrott guns. Small bodies are scattered along the river thence to Cumberland. At New Creek, near Cumberland, there are 4 regiments, while 7000 or 8000 men are at Patterson Creek, eight miles below Cumberland. General Kelly is at Cumberland, and has three full batteries besides heavy guns in position.

The rebel Gen. Jackson is near Bath with 16,000 men and 29 guns.

The Ohio and Indiana regiments express a strong desire for Gen. Rosecrans to be put in command, and say that with 30,000 men he can whip Jackson, take Winchester, and turn the right flank of Manassas within a fortnight.

CAIRO, 17th.

Advices from Cape Girardeau state that the expedition which left here, Dallas and Bloomfield, returned this forenoon, bringing 28 prisoners, among them Capt. Day of Jeff Thompson's army.

Reports from Paducah say heavy cannonading was heard up the Tennessee river this morning.

Gen. Grant sent notice to all hospitals here today to be in readiness at short notice.

Nothing of importance has been received from the expedition today.

37th Congress—1st Session.

WASHINGTON, 17.

SENATE.

Several petitions in favor of emancipation were presented.

Mr. Trumbull presented a petition of C. H. Sanford, who represents himself a contractor with Messrs. Cumming and Tucker, he having received information from the department that they were authorized to act, but now now he was surprised to learn that Secretary Cameron says the heads of bureaus made all contracts, he asks the passage of a law to legalize contracts, to prevent loss to honest contractors. Referred

Mr. Fessenden, from the Committee on Finance, reported back the House joint resolution, declaratory of the purpose of Congress to impose a tax, which was passed—yeas 39, nays 1.

On motion of Mr. Sumner, the Senate went into executive session.

HOUSE.

Mr. Train of Massachusetts, introduced a bill transferring the penitentiary buildings in the District of Columbia to the War Department for the use of the Arsenal. Referred.

On motion of Mr. Fenton of New York, over 100 bills from the Court of Claims were referred to the Committee on Claims.

The House resumed the consideration of the Pennsylvania contested election case. The first vote taken on the substitute reported from the minority of the committee on elections, that J. M Butler is not and Wm E. Lehman is entitled to a seat as representative from the 5 st Congressional district. Adopted—77 against 67 — The resolution of the majority, as amended, was agreed to.

Mr. Alley of Massachusetts, from the Post Office Committee, reported a bill authorizing the establishment of branch post offices in cities.—Passed.

The House concurred in the Senate amendments to the House bill to promote the efficiency of the dead Letter office.

Mr. Delano of Mass, reported from the Committee on the District of Columbia, that there is nothing so palpably oppressive in Marshal Lamar's jail regulations as to call for special intervention of the House; and the Committee ask to be discharged from further consideration of the subject. The consideration of the report was postponed.

Mr. Stevens of Pa, from Committee of Ways and Means, reported the West Point Academy appropriation bill; and on his motion, the Committee obtained leave to sit during the sessions of the House.

He took occasion to explain why appropriations were not sooner reported, adding that he had been informed that numerous libelling letter writers and journals had been finding fault with the Committee for not reporting an equitable tax bill. The Committee, however are gathering facts, and work for hours after attending to their business in the Hall. The criticisms and libels of the press would not make them move one minute faster than a due regard to the public interest will permit.

Mr. Fenton of N. Y., rising to a privilege, inquired by what rule Marshal Lamar occupied a place on the floor of the House.

The Speaker said he was not aware of such a rule, and had no doubt the door keeper would enforce the rules.

Mr. Vallandigham said perhaps the Marshal had a warrant for somebody here.

Mr. Kellogg enquired whether the rules were to operate on the Marshal only. He did not see anybody interfering with the business of the House. Then why should the Marshal be made an exception, when others, not members, were also on the floor.

The Speaker directed the doorkeeper to enforce the rules, and hoped that members hereafter would not insist on introducing their friends here.

Mr. Lamar, who was standing near the main door, retired.

The House resumed the consideration of the fortification bill.

After a debate, all the amendments were voted down and the original bill passed.

Mr. Holman of Kentucky, from Committee on Army Contracts, reported a resolution, which was adopted, calling on the Secretary of War to communicate to the Committee a copy of the contract for the purchase of horses for Colonel Williams Regiment, now in Kentucky.

Mr. Steele, from the same Committee, reported a resolution that they be instructed to inquire into several contracts; one for 50,000, one for 25,000 Enfield rifles; whether these contracts have been extended or annulled; whether they have been sold or offers made to sell them.

Adjourned to Monday.

From the South.

The Southern Bank had paid out in three days two hundred and forty eight thousand dollars for government use.

Several Southern papers have suspended on account of want of paper, among others the Richmond Sun.

Rebel testimony to the rigorous efficiency of the blockade of the [illegible] that "the risk of running the blockade at present is too great, and comparatively but few are willing to encounter the losses that are so apt to follow the experiment." It is understood, however, that the rebel authorities have gone to the trouble to prepare a formidable schedule of skiffs, shallops and scows claimed to have evaded the vigilance of our cruisers, which they intend laying on the tables of the members of the French and English Parliaments against their appreciating sentiments, in the hope of persuading those governments to raise the blockade.

The New Orleans True Delta says that the so-called Confederate government is a vast machine for robbing the people. "Buchananism"—such is the expressive name by which the New Orleans journals designate the system of organized public plunder—"Buchananism is in full and magnificent development."

The New Orleans Delta states that, in consequence of the prospective difficulties between the National Government and England, the premium on gold fell from 35 and 40 per cent. to 16 and 20 per cent, while that on silver went down to 12 and 14 per cent. from 26 and 30 per cent.

Alfred Cushman, Esq., of No. 3, has been appointed Sheriff of Aroostook County, vice Benjamin Bowes resigned.

Fears are entertained for the safety of three Ellsworth vessels, that left Boston for Ellsworth three weeks since. The names of these vessels are the Mechanic, Wanderer and Arabine.

THE NEWYORK TRIBUNE.

LARGE PREMIUMS.

TO OUR FRIENDS.

Hitherto we have never offered any one a premium for helping to extend the circulation of THE TRIBUNE. We have printed the cheapest newspaper, considering the outlay in which it is produced, that was ever issued in any country, selling it for little more than the cost of the white paper; have employed no agents to canvass for subscribers, and have allowed no compensation (beyond a copy of our paper) to any of the thousands of generous friends who have annually taken care that the number of copies of our several issues circulated in their respective neighborhoods should be at least maintained, and if possible increased. We have been sparing even of verbal thanks to these friends, but have none the less realised the fullness of our obligation for their earnest, unselfish, painstaking, persistent efforts.

We propose for the present season only—in view of the hardness of the times and the fact that we are enabled to buy white paper somewhat cheaper than we have hitherto done, or can hope to do after the close of the War—to make some small acknowledgment—not so much a recompense as a slight testimonial—to those friends who shall see fit to exert themselves to obtain subscriptions (whether original or renewals) to our Weekly and Semi-Weekly editions. We do not know that we could offer anything of similar value more generally acceptable and useful than a Gold Pen of the best quality and finish. We propose, therefore, to forward to each person who, during the two months ensuing, shall send us subscriptions and payments for THE TRIBUNE, as follows:

Daily Tribune—$6 per Annum.

Weekly Tribune.

For $12,	Eleven Copies Weekly Tribune *addressed to each subscriber*, and Pens or Pens and Cases, to value of	$1 00
For $10,	Eleven Copies Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	$1 00
For $20,	Twenty-one Copies Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	3 00
For $40,	Forty Copies Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	8 00
For $50,	Fifty Copies Weekly Tribune, *to one address*, and Pen or Pens and Cases, to value of	10 00
For $80,	Eighty Copies Weekly Tribune *to one address*, and Pens or Pens and Cases, to value of	16 00
For $100,	One Hundred Copies Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	25 00

$1 20 each will be required in all cases where the paper is to be addressed to each subscriber.

Semi-Weekly Tribune.

For $11 25,	Five Copies Semi-Weekly Tribune, and Pens or Pens and Cases, to value of	$2 00
For $20 00,	Eleven Copies Semi-Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	4 00
For $40 00,	Twenty Copies Semi-Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	10 00
For $60 00,	Thirty Copies Semi-Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	17 00
For $100 00,	Fifty Copies Semi-Weekly Tribune, *to one address*, and Pens or Pens and Cases, to value of	30 00

$2 25 each will be required in all cases where the Paper is to be addressed to each subscriber.

The Pens will be of the manufacture of A. Morton, whose make we are using, and we know them to be the best made. They will be furnished at the manufacturer's lowest prices. To choose as to the style and quality of Pens or Pens and Cases wanted for premiums, our friends are referred to the manufacturer's price list in The Tribune. See advertisement headed "The Pen is Mightier than the Sword," and be particular and specify the number and quality of the Pens or Pens and Cases preferred.

Specimen copies of The Tribune sent when requested.

When Drafts can be obtained, it is much safer than to remit Bank Bills. The name of the Post Office and State should in all cases be plainly written.

Payment always in advance.

CURE FOR PIN WORMS

A NEW DISCOVERY

The Ascarides, or Pin Worms, the removal of which has ever baffled the skill of the most eminent Physicians, are entirely expelled from the human system by the use of DR. E. G. GOULD'S PINWORM SYRUP. A sure cure warranted in every case. Relief afforded in 24 hours.

SYMPTOMS—Intense itching, biting and distress in the lower part of the rectum and about the seat, (often mistaken for the Piles,) disagreeable sensation in the epigastric region, or lower part of the bowels; restlessness, wakefulness, starting and screaming in the sleep; fainting, and not unfrequently spasms of fits.

This Syrup is purely of vegetable extract, mild and gentle in its action, and in all cases where Physic is required, especially for children, it has no equal. It will give tone to the stomach and bowels, assisting nature in her process to restore health.

BOOTS AND SHOES

MADE ON

PLUMER'S PATENT ANATOMICAL LASTS!

[From J V C Smith, M D formerly Mayor of Boston]

PLUMER'S PATENT BOOTS.

The Undersigned has worn a pair of these IMPROVED Boots and feels grateful to the Inventor for the comfort derived from them The nice adjustment of the sole to every part of the under surface of the foot is an important circumstance which seems to have been entirely overlooked till Dr Plumer planned his Last and Boot upon *truly scientific principles*

Those who have once had an opportunity to test the real advantages of these Philosophically made Boots will hardly be reconciled to wear any other

J V C SMITH.

Boston July 26 1861

J C PLUMER, M. D

Dear Sir I am greatly delighted with your newly invented boots which I have worn during the past winter and only wonder that the world should have been so stupid as not to have made the discovery half a century ago. Any one with a grain of common sense and a moment's reflection cannot fail to see that your PATENT BOOTS AND SHOES are *perfectly adapted to the foot* (that wonderful piece of *Nature's Mechanism*) giving to *every portion* of it a *firm and equal support*, and I am sure that those who once make trial of your new invention will never go back to the old fashioned boots or shoes which are so prolific of Corns. Bunions and a thousand other troubles Your *Patent Boots* seems to be part and parcel of our *Physical structure* supporting the [illegible] *giving steadiness to the gait* and promoting [illegible] comfort to an eminent degree especially in walking over rough surfaces

I wish I knew of some means by which I could make known to every man, woman and child in Christendom, the nature and importance of your invention Very truly yours

[illegible] July 1, 1860

DR. PLUMER—

Dear Sir Having learned the principle upon which your Anatomical Last is made, I was favorably impressed as to its efficiency in relieving a difficulty which all have experienced who have to walk considerably viz severe pain in the feet after much walking. After having worn a pair made upon the Anatomical Last, I find my ante-pain more than realized I can walk nearly all day without experiencing the above named difficulty in the least degree I also experience during [illegible] in my boots for they were as easy at first as after they had been worn

DR. SWEET'S

Infallible Liniment!

—THE—

Great External Remedy

For Rheumatism, Gout, Neuralgia Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Piles, Headache, and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy and never fails This Liniment is prepared from the recipe of Dr Stephen Sweet, of Connecticut, the famous bone setter and has been used in his practice for more than twenty years with the most astonishing success

AS AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public of which the most skeptical may be convinced by a single trial

This Liniment will cure rapidly and radically RHEUMATIC DISORDERS of every kind and in thousands of cases where it has been used it has never been known to fail

For NEURALGIA, it will afford immediate relief in every case, however distressing

It will relieve the worst cases of HEADACHE in three minutes, and is warranted to do it

TOOTHACHE also will it cure instantly

For NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most happy and unfailing remedy — Acting directly upon the nervous tissues, it strengthens and revivifies the system and restores it to elasticity and vigor

FOR PILES—As an external remedy, we claim that it is the *best* known and we challenge the world to produce an equal Every victim of this distressing complaint should give it a trial for it will not fail to afford immediate relief and in a majority of cases will effect a *radical* cure

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days

BRUISES, CUTS, WOUNDS SORES, ULCERS, BURNS AND SCALDS, yield readily to the wonderful healing properties of *DR. SWEET'S INFALLIBLE LINIMENT*, when used according to directions Also CHILBLAINS, FROSTED FEET and INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition, observe the signature and likeness of Dr Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine. RICHARDSON & CO,

PROF. WOOD'S

RESTORATIVE CORDIAL

AND

BLOOD RENOVATOR,

Is precisely what its name indicates, for while pleasant to the taste it is revivifying, exhilarating and strengthening to the vital powers — It also revivifies, reinstates and renews the blood in all its original purity and thus restores and renders the system invulnerable to attacks of disease It is the only preparation ever offered to the world in a popular form so as to be within the reach of all So chemically and skilfully combined as to be the most powerful tonic and yet so perfectly adapted as to act in perfect accordance with the laws of nature and hence soothe the weakest stomach and tone up the digestive organs and allay all nervous and other irritation It is also perfectly exhilarating in its effects and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those combined having powerful tonic and soothing properties and consequently can never injure Such a remedy has long been felt to be a desideratum in the medical world both by the thoroughly skilled in medical science and also by all who have suffered by debility for it needs no medical skill or knowledge even to see that debility follows all attacks of disease and lays the unguarded system open to the attacks of many of the most dangerous diseases to which poor humanity is constantly liable Such for example as the following Consumption Bronchitis Indigestion dyspepsia, loss of appetite faintness nervous irritability neuralgia palpitation of the heart melancholy hypochondria, night sweats languor, giddiness, and all that class of cases so fearfully fatal if unattended to in time called *female weaknesses and irregularities* Also liver derangements or torpidity and liver complaints diseases of the kidneys, scalding or incontinence of the urine or any general derangement of the urinary organs pain in the back side and between the shoulders predisposition to slight colds hacking and continued cough emaciation, difficulty of breathing and indeed we might enumerate many more still but we have space only to say it will not only cure the debility following chills and fever, but prevent all attacks arising from Miasmatic influences and cure the diseases at once if already attacked And as it acts directly and persistently upon the biliary system arousing the liver to action promoting in fact all the excretions and secretions of the system it will infallibly prevent any deleterious consequences following upon change of climate and water, hence all travelers should have a bottle with them and all should take a table spoonful at least before eating. As it prevents costiveness strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health and health cannot exist while the above irregularities continue Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety *There is no mistake about it, this cordial is all we claim for it Mothers try it!* And to you we appeal to detect the illness or decline not only of your daughters, before it be too late but also your sons and husbands for while the former from false delicacy often goes down to a premature grave rather than let their condition be known in time the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need O J WOOD, Proprietor, 444 Broadway New York and 114 Market Street, St. Louis, Mo., and sold by all good Druggists

In the best manner, and at the very lowest prices. From his experience, his facilities for doing business and the character of his workmen, he flatters himself that in the production of durable and substantial Carriages, his establishment will be second to none in the State.

MR. GEO. S. WALKER

Well known to be one of the best Carriage Painters in New England still has the charge of his painting department, offering a very rare inducement to those who would have their work done in an elegant and durable manner to leave their work at this establishment. All work warranted to give the satisfaction, and all bills for work payable when the work is done.

Gents —Above please find statement of Mr John G Daly a merchant of our city in regard to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE This testimony is given after having used most of the preparations now before the public *claiming* to be Hair Restoratives and must be considered conclusive as to the merits of the *Inimitable* Am out of the large size Forward by Railroad double the quantity we had before

Very truly yours, W A. BELL.

IT WILL RESTORE THE NATURAL COLOR OF THE HAIR,

where age or sickness has turned it grey and it will render it soft and glossy

ANYBODY

who may try it will find that it does not color the skin, but stimulating the natural secretions at the roots gives new life and strength to the Hair, and thus restores its color and freshness It can be used as freely as water upon the scalp and with as much safety [illegible] stimulating spirits and as an article for the toilet has no equal

MESSRS W E HAGAN & Co

I hereby certify that my Hair having become *gray* and my head partially *bald* I bought from Henry Reynolds Druggist one four oz bottle of HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. By its use my Hair was restored to its original color and thickness It removed all dandruff, arrested its falling and [illegible] glossy appearance Its effects were entirely different from any Hair Preparation I ever used before I know of several ladies and gentlemen, my intimate friends who also speak the Inimitable as being the best and cheapest Hair Preparation in our market I can fully recommend it and will refer any one to Henry Reynolds Druggist, for the truth of my statement WILLIAM BOSBYSHALL.

THAT HAS

Stood the Test of Years,

And grows more and more popular every day!

AND testimonials new and almost without number might be given from ladies and gentlemen in all grades of society whose united testimony none could resist that Prof Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age in all its youthful beauty

BATTLE CREEK, Mich Dec 21, 1858

Prof Wood Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago caused by a complicated chronic disease attended with an eruption on the head A continual course of suffering through life having reduced me to a state of dependence I have not been able to obtain stuff for caps neither have I been able to do them up in consequence of which my head has suffered extremely from cold This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last I have faithfully followed the directions and the bald spot is now covered with hair thick and black though short. It is also coming in all over my head Feeling confident that another large bottle would restore it entirely and permanently I feel anxious to persevere in its use and being destitute of means to purchase any more I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle and receive to thyself the scripture declaration the reward is to those that are kind to the widow and the fatherless

Thy friend SUSANNAH KIRBY

LIGONIER, Noble Co Indiana, Feb 5 1859

Prof O J Wood Dear Sir In the latter part of the year 1852, while attending the State and National Law School of the State of New York my hair from a cause unknown to me commenced falling off very rapidly so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance as my more intimate acquaintances were to recognize me at all

I at once made application to the most skillful physicians in the country but receiving no assurance from them that my hair could again be restored I was forced to become reconciled to my fate until fortunately in the latter part of the year 1857 your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars worth of your Restorative and as a result have a rich coat of very soft black hair which no money can buy

As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances, who I am happy to inform you are using it with like effect.

Very respectfully yours A M LATTA
Attorney and Counsellor at Law

The Restorative is put up in bottles of three sizes, viz large, medium and small The small holds ½ a pint and retails for one dollar per bottle, the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle the large holds a quart, 40 per cent more in proportion, and retails for three dollars per bottle
